LISTEN ...

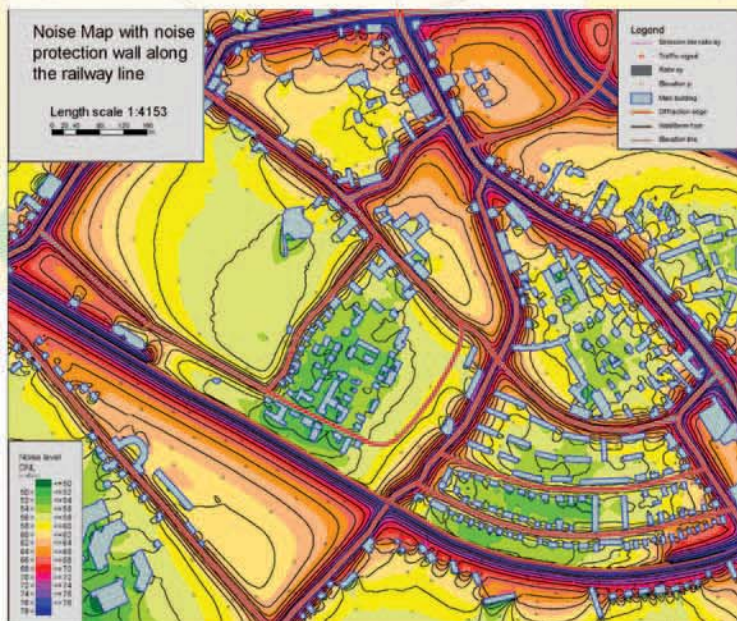

THERE'S A BETTER NOISE CONTROL SYSTEM.

SoundPLAN, the benchmark noise planning and mapping software, continues setting the pace . SoundPLAN 6.4 has many new tools for managing complex projects . SoundPLAN-essential, the compact version, is for occasional users and less complex jobs.

Contact us for a free demo CD.

Call today +1 360 432 9840
www.soundplan.com

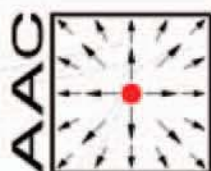

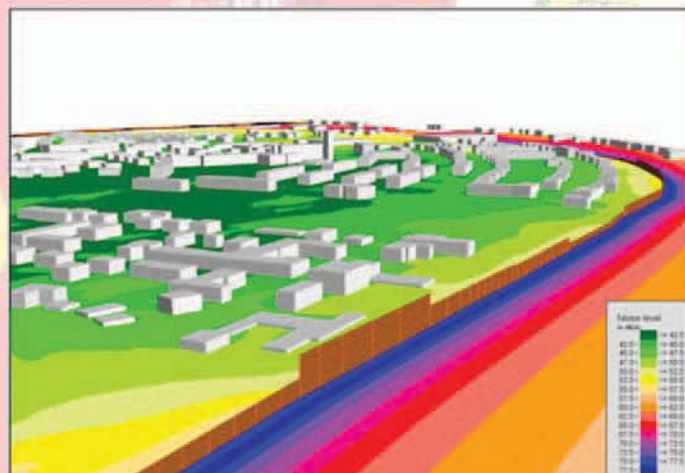

CONFIDENCE: We stand behind you with 20 years experience and are committed to supporting you in the years to come.

ONE INVESTMENT: One software for any size task with built-in cost/ effectiveness scenarios.

SECURITY: Know you're ready for future revisions with every project thoroughly documented.

CLASSY: Mapping is easy to do with stunning results!

GLOBAL: We have 30+ distributors worldwide. Our Software is available in English, Asian & European languages

AAC Centro de Acústica Aplicada, S.L.
Distribuye y da asistencia técnica en exclusiva para España Y Portugal.
